

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number: 36856.1238

I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 6,366,002, granted April 2, 2002 and for which a reissue patent is sought on the invention entitled Surface acoustic wave device and communication device, the specification of which

- ☒ is attached hereto.
- ☐ was filed on _____ as reissue application number _____
and was amended on _____
(if applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

- ☒ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent)

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply).

- ☐ by reason of a defective specification or drawing.
- ☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.
- ☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Claim 1 of the original patent recites the feature of "to excite a shear horizontal wave." Applicant is adding new independent claim 21 in this Broadening Reissue Application, and claim 21 does not recite the feature of "to excite a shear horizontal wave" so as to broaden the scope of the claims and to correct the error contained in the original patent.
